**SURVEY REMINDER CALL SCRIPT**

**VOICEMAIL MESSAGE**

Hello, this is [NAME] calling from Mathematica Policy Research about the SNAP performance measurement survey for the USDA Food and Nutrition Service that you recently received. Getting a response to this survey from [STATE OR LOCALITY NAME] is critical to the success of this project because it will help FNS obtain accurate national information. It will also help Mathematica pick only the most relevant questions for later interviews with staff in [STATE OR LOCALITY NAME]. Our goal is to have your completed survey responses returned by [DATE]. Some offices find that having multiple staff work on the survey gets it completed more quickly; each person simply works on the topic they know best. If you have any questions about how to access or complete the survey, please call me directly at [NUMBER].

**INSTRUCTIONS TO CALLER:**

- Make the above points during a conversation if you reach the person.
- Confirm that the person you reach is the correct person to complete the survey. If s/he is not, obtain contact information for the correct person and re-send the advance materials as soon as possible.
- Log the reminder contact or the change in respondent in the Access database.
