

## **Narrative of Revisions**

*The purpose of the Narrative of Revisions is to clearly indicate revisions to a collection since the previous approval*

Collection Title: Facilities Transferring Oil or Hazardous Materials in Bulk --  
Letter of Intent and Operations Manual.

OMB Control No.: 1625-0093

Current Expiration Date: 08/31/2010

Collection Instruments: Instructions

The change in burden hours is an adjustment. There is no proposed change to the reporting and recordkeeping requirements of this collection. The reporting and recordkeeping requirements and the methodology for calculation burden remain unchanged.

The following listed below are revisions to the collection:

- Increase in burden (respondents/responses/burden hours) are is due to 2 factors—
  - An increase in the number of respondents, which results in an increase in responses and burden.
  - A change in the number of CG Captain of the Port zones, due to recent CG realignment. The COTP number is used for estimating burden.
- Update about the use of technology.
- USCG has created printable instructions for this collection of information.
