PREVIO

The next questions are about different types of violence in relationships with an intimate partner. By an intimate partner I mean any current or former spouse, boyfriend, or girlfriend. Someone you were dating, or romantically or sexually intimate with would also be considered an intimate partner.

This information will help us to better understand the problem of violence in relationships.

This is a sensitive topic. Some people may feel uncomfortable with these questions.

At the end of this section, I will give you phone numbers of organizations that can provide information and referral for these issues.

Please keep in mind that if you are not in a safe place you can ask me to skip any question you do not want to answer.
