form of cash or in-kind donations. However, grantees that include incumbent worker training activities, 50 percent of the matching funds may be provided in cash or in-kind, however half of the total matching funds must be in cash. Please note the distinction between leveraged resources and required match resources: both must be reported on the Financial Status Report (ETA-9130) quarterly. Match does not include the use of federal funds while leveraged resources include a broader definition that may include federal funds. Leveraged and match resources should also be reported in greater detail in the narrative section. Please use this section of the narrative to provide an update on the status of all leveraged and match resources. The update may include: (1) the organizations that contributed the resources; and (2) the ways in which the resources were used during the current quarter.

This section should be used to: (1) discuss how partners have been engaged during the current phase of the project; (2) outline specific roles and contributions of each partner during this quarter; (3) identify any challenges encountered/resolved in the development and management of the partnership; and (4) report new partners that may have been brought into the project.

D. Timeline for Grant Activities and Deliverables
