VA Form 10-0545

OMB 2900-0770

This information is collected in accordance with section 3507 of the Paperwork Reduction Act of 1995. Accordingly, we may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a valid OMB number. We anticipate that the time expended by all individuals who complete this survey will average 5 minutes. The purpose of the Non-VA Care Coordination (NVCC) Veteran Satisfaction Survey is to assess Veteran satisfaction with receiving non-VA care services through the Non-VA Care Coordination process as compared to obtaining non-VA care services through Fee basis processes utilized by VA medical centers prior to implementation of NVCC. The results of this survey will help VHA improve and standardize the process by which Veterans were referred for non-VA care services and coordination of that care. Completion of this form is voluntary and failure to respond will have no impact on benefits to which you may be entitled.
