Dear AHIMA Member,

AHIMA and the AHIMA Foundation are undertaking an important national study related to medical record privacy and security practices in partnership with Dartmouth College. The study is funded by the [SHARP-S grant](#) from the US Department of Health & Human Services Office of the National Coordinator of Health IT (ONC).

You were randomly selected from a pool of health information professionals who work directly with medical records and/or protected health information. Your expertise is directly relevant to this study and your input valuable in understanding and informing practice. The success of this study relies on individuals like you to complete this survey. To complete the survey:

1. Click on the following link to access the survey [Start Survey](#)
2. Read the survey questions and respond to the questions to the best of your ability. Please note that *personally identifying information about you or your healthcare organization will not be collected.*

The survey will take approximately 10 minutes to complete and will close on December 19, 2014.

AHIMA and the AHIMA Foundation are very pleased to be conducting this national study in partnership with Dartmouth College. We are happy to answer any questions or receive any feedback about the survey, and can be reached by telephone at 312-233-1914 or by email at [michelle.dougherty@ahimafoundation.org](mailto:michelle.dougherty@ahimafoundation.org).

Thank you for your help on this important medical record privacy and security national study.

Sincerely,

Lynne Thomas Gordon, MBA, RHIA,
