

Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: U.S. Department of Agriculture, Food and Nutrition Services, Office of Policy Support, 3101 Park Center Drive, Room 1014, Alexandria, VA 22302 ATTN: PRA (0584-xxxx*). Do not return the completed form to this address.

Appendix E6 State Webinar

Summer Meals Participant Characteristics Study State Webcast <date>

Study Overview—Optimal Solutions Group

Optimal Solutions Group (Optimal)

- Policy research firm located in College Park, MD
- Specialize in policy research focused on health, education, workforce development, social policy, and housing and economic development
- Contracted by USDA/FNS to conduct evaluation of the Summer Meals Programs' participant characteristics

Study Overview—Research Goals

Research Goals

- Ascertain how the summer meals programs operate at the state, sponsor, and site levels.
- Describe participant characteristics and examine the differences and factors that affect participation by sponsors and children across states.

State Survey

- Understand the challenges to finding sponsors, administering training, facilitating outreach efforts, etc.
- Census of ALL states.
- Information will help FNS better serve state agencies in administering summer meals programs.

Study Overview—Methodology
