

Integration Test Script

NHTSA Systems Developer Quality Assurance (QA) Test Script						
Date Executed:		Test Script: NHTSA HSP Highway Safety Planning Process			Tester(s):	
Test Script ID: GMSS-APP-402-0002		Test Script Description: Verify the appropriate details and functionality of the Highway Safety Planning Process section of the NHTSA Highway Safety Plan			Environment:	
Requirements: GMSS-HSP-003.7, GMSS-HSP-003.8, GMSS-HSP-003.9, GMSS-HSP-007.0, GMSS-HSP-007.7, GMSS-HSP-007.8,					Browser:	
Testing enviroment: https://nhtsagmsspreprod.crm9.dynamics.com					Pass/Fail: Pass	
Preconditions: User is logged on to GMSS. User has started a new Highway Safety Plan. (See GMSS-APP-402-0001 NHTSA Grant Application - Summary Information script for more details on logging in and starting a new HSP.)		Post Conditions: State users are able to complete the Highway Safety Planning Process section appropriately.				
Step #	Role(s)	Step Description	Visual	Expected Result	Actual Result (Enter a description only if the result is different from Expected or if the step fails.)	Status
Highway Safety Planning Process						
1	All State users	Scroll and click on the Highway Safety Planning Process to expand the section.		Details of the Highway Safety Planning Process section is displayed.		
2	All State users	Verify that the following description is available: Provide a description of the data sources and processes used by the State to identify its highway safety problems, describe its highway safety performance measures, establish its performance targets, and develop and select evidence-based countermeasure strategies and projects to address its problems and achieve its performance targets.		Text box is displayed below the description.		
3	All State users	Verify that the following narrative field is available: Identify the participants in the highway safety planning processes (e.g., highway safety committees, program stakeholders, community and constituent groups).		Text box is displayed below the description.		
4	All State users	Verify that the following narrative field is available: Provide a description and analysis of the State's overall highway safety problems as identified through an analysis of data, including but not limited to fatality, injury, enforcement, and judicial data, to be used as a basis for setting performance targets and developing countermeasure strategies.		Text box is displayed below the description.		
5	All State users	Verify that the following narrative field displays: Provide a discussion of the methods for project selection (e.g., constituent outreach, public meetings, solicitation of proposals).		Text box is displayed below the description.
