

SUPPORTING STATEMENT

Waiver of Right to Consistent Agreement of Partnership Items and Partnership-Level Determinations as to Penalties, Additions to Tax, and Additional Amounts Form 13751 OMB # 1545-1969

1. CIRCUMSTANCES NECESSITATING COLLECTION OF INFORMATION

The collection of information, prescribed by Sec. 6404(g), is required in order to effectively resolve large groups of abusive tax avoidance transactions in a single initiative. As Form 13751, “Waiver of Right to Consistent Agreement of Partnership Items and Partnership-Level Determinations as to Penalties, Additions to Tax, and Additional Amounts,” is expressly designated as the only means of applying for certain benefits in the initiative.

Information is required to apply the terms of the settlement initiative and determine the suitable amount of any penalties. Collecting information is required to obtain the benefit described. The likely respondents are individuals who are ineligible to participate in the settlement initiative, but whose partnership interest in a TEFRA (Tax Equity and Fiscal Responsibility Act of 1982) partnership could preclude the other partners from participating, even though they would be otherwise eligible.

2. USE OF DATA

The information requested on Form 13751 will be used to determine the eligibility for participation in the settlement initiative of taxpayers related through TEFRA partnerships to ineligible applicants. Such determinations will involve partnership items and partnership-level determinations, as well as the calculation of tax liabilities resolved under this initiative, including penalties and interest.

3. USE OF IMPROVED INFORMATION TECHNOLOGY TO REDUCE BURDEN

We have no plans at this time to offer electronic filing because of the low volume compared to the cost of electronic enabling.

4. EFFORTS TO IDENTIFY DUPLICATION

We have attempted to eliminate duplication within the agency wherever possible.

5. METHODS TO MINIMIZE BURDEN ON SMALL BUSINESSES OR OTHER SMALL ENTITIES

There are no small entities affected by this collection.

6. CONSEQUENCES OF LESS FREQUENT COLLECTION ON FEDERAL PROGRAMS OR POLICY ACTIVITIES

The collection of information and determinations will involve partnership items and partnership-level determinations, as well as the calculation of tax liabilities resolved under this initiative, including penalties and interest. The collection of information, prescribed by Sec. 6404(g), is required in order to effectively resolve large groups of abusive tax avoidance transactions in a single initiative. Tax avoidance transactions negatively affect the collection of revenue needed to support government programs.

OMB EXPIRATION DATE

We believe the public interest will be better served by not printing an expiration date on the form(s) in this package.

Printing the expiration date on the form will result in increased costs because of the need to replace inventories that become obsolete by passage of the expiration date each time OMB approval is renewed. Without printing the expiration date, supplies of the form could continue to be used.

The time period during which the current edition of the form(s) in this package will continue to be usable cannot be predicted. It could easily span several cycles of review and OMB clearance renewal. In addition, usage fluctuates unpredictably. This makes it necessary to maintain a substantial inventory of forms in the supply line at all times. This includes supplies owned by both the Government and the public. Reprinting of the form cannot be reliably scheduled to coincide with an OMB approval expiration date. This form may be privately printed by users at their own expense. Some businesses print complex and expensive marginally punched continuous versions, their expense, for use in their computers. The form may be printed by commercial printers and stocked for sale. In such cases, printing the expiration date on the form could result in extra costs to the users.

Not printing the expiration date on the form(s) will also avoid confusion among taxpayers who may have identical forms with different expiration dates in their possession.

For the above reasons we request authorization to omit printing the expiration date on the form(s) in this package.
