Docket No. RM16-17-000

NOTICE OF THE TECHNICAL WORKSHOP ON THE DRAFT DATA
DICTIONARY ATTACHED TO THE DATA COLLECTION FOR ANALYTICS AND
SURVEILLANCE AND MARKET-BASED RATE PURPOSES NOTICE OF
PROPOSED RULEMAKING

(July 21, 2016)

The Notice of Proposed Rulemaking on Data Collection for Analytics and Surveillance and Market-Based Rate Purposes (NOPR) issued today in Docket No. RM16-17 proposes to revise the Commission's regulations to collect certain data for analytics and surveillance purposes from market-based rate (MBR) sellers and entities trading virtual products or holding financial transmission rights and to change certain aspects of the substance and format of information submitted for MBR purposes.¹ In the NOPR, the Commission also states that a data dictionary posted to the Commission's website would define the framework to be followed by users in submitting information for inclusion in the relational database and that staff will hold technical workshops on the data dictionary and the submittal process.² This notice announces a technical workshop to review the draft data dictionary attached to the NOPR.

All interested parties are invited to attend. The workshop will be held in Washington, D.C., on August 11, 2016 from 9:00 a.m. to 4:00 p.m. at FERC headquarters in the Commission Meeting Room, 888 First Street, NE, Washington, D.C. For those unable to attend in person, access to the workshop sessions will be available by webcast.

The workshop is intended to provide a forum for interactive, detailed discussion of the elements contained in the sample data dictionary. Commission staff will lead the workshop. The agenda for the workshop is attached. Notes from the workshop will be posted on FERC.gov.
