INSTRUCTIONS FOR COMPLETION OF FORM ACF-196 (State TANF Financial Report)

NOTE: “THE PAPERWORK REDUCTION ACT OF 1995” Public reporting for this collection of information is estimated to average 8.0 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

All States (including the District of Columbia) must complete this report in accordance with these instructions on behalf of the agency administering the TANF Program. Additionally, 45 CFR 265.6 requires States to submit program data and financial status reports electronically.

Electronic Submission: States are required to submit Form ACF-196 electronically using the ACF On-Line Data Collection (OLDC) system website at <https://extranet.acf.hhs.gov/ssi>. OLDC reduces paperwork, allows for quicker processing, automatically completes required calculations, and checks for data entry errors.

Due Dates: ACF-196 reports must be received by ACF within 45 days after the end of each quarter of the Federal fiscal year.

<u>For Quarter Ending</u>	<u>Report Due</u>
December 31	February 14
March 31	May 15
June 30	August 14
September 30	November 14

Quarterly Report Requirements: In addition to the quarterly reports for the current year award, a State must also submit quarterly reports for prior TANF awards where the funds were expended during the year. When TANF funds are completely expended, the State must submit a report marking the box that the report is a Final report. No further reporting of that TANF award is necessary after a Final report has been submitted. While prior year funds remain available for use without fiscal year limitation, ACF encourages States to spend oldest funds first in any circumstance in which prior year funds are being used, so that it will be possible to close out the prior year Award.

Revisions to any fiscal year data must be made prior to the end of the quarter following the quarter just completed and must be shown as an adjustment to the most recently completed quarter.

Example: During FY 2013, a State receives TANF funds for the current year 2013; the State also has TANF funds remaining from the FY 2010, FY 2011 and FY 2012 awards. On September 30, 2013, the State expended all the funds from the FY 2010 award, nothing from the FY 2011 award, and some funds from both the FY 2012 and FY 2013 TANF awards. On or before November 14, 2013, the State must submit the following reports for the period ending September 30, 2013:

1. Quarterly report for FY 2013 award.

2. Quarterly report for FY 2012 award.
3. No quarterly report required for the FY 2011 award.
4. A quarterly report marked "Final" for the FY 2010 award.

Additionally, should there be a need to revise a report for the previous quarter; the State has until the end of the current quarter to submit that revised report. Otherwise, any revised data should be incorporated into the next quarterly report due. For example, the report for the first quarter of the fiscal year is due February 14. If there is a need to revise data for the first quarter, the State has until March 31 to revise the report (if already submitted). Otherwise, any changes to the first quarter report should be made in subsequent quarters without amending the first quarter report. Thus, if the State discovers a change is needed to the first quarter in April, it should include that change in the report for the second quarter of the fiscal year.

IMPORTANT NOTE: Following the FY 2015 first quarter report (report quarter ending December 31, 2014) the TANF financial data collection involved two forms: Form ACF-196R, which states submit on a quarterly basis, and this form, Form ACF-196, which states use to adjust expenditures submitted during fiscal years prior to FY 2015. After a state expends all funds for grant years prior to FY 2015, it will no longer need to complete or submit this Form ACF-196.

As cited in 45 CFR 265.8, States not submitting the required quarterly TANF Financial Report may give rise to a penalty.

General Instructions

- Round all entries to the nearest dollar.
- Shaded blocks indicate that the entry of financial data is not required or are not applicable. In OLDC some of these shaded areas are automatically generated or used as calculation checks.
- Include costs of contracts and subcontracts in the appropriate reporting category, based on their nature or function.
- Administrative Expenditure Caps: States have three administrative expenditure caps that must not be exceeded:
 1. For the administrative expenditure cap applicable to Federal TANF funds, administrative expenditures reported on Line 6j (Column A) may not exceed 15% of the Adjusted State Family Assistance Grant (SFAG) reported on Line 4 (Column A).
 2. For the administrative expenditure cap applicable to State Funds (Columns B and C), administrative expenditures reported on Line 6j (Columns B and C) may not exceed 15% of the Total Expenditures reported on Line 7 (Columns B and C).
 3. For the administrative expenditure cap applicable to Contingency Funds the State may have received, administrative expenditures reported on Line 6j (Column D) may not exceed 15% of the Total Expenditures on Line 7 (Column D).

NOTE: Based on the nature or function of the contract, States must include appropriate administrative costs associated with contracts and subcontracts that count towards the 15% administrative cost caps.

- State Replacement of Grant Reductions from Penalties: If a State's SFAG is reduced because of the imposition of a penalty under section 409, section 409(a)(12) provides that the State must replace funds lost due to the penalty with State funds in an amount that is no less than the amount withheld. The State Replacement Funds must be included in Line 11, Column (B). These funds must be in addition to the funds reported under Line 7, Column (B).

General Block Entries

- Enter State Name.

- Fiscal Year: Identify the Federal fiscal year the funds were awarded.

Explanation of Columns

Column (A) is for reporting Federal funds awarded (excluding Contingency Funds) and how those funds were utilized.

Column (B) refers to State TANF expenditures that the State is making to meet its basic Maintenance-of-Effort (MOE) requirement. Include State funds that are commingled with Federal funds and segregated State funds expended under the State TANF program.

NOTE: States receiving Contingency Funds under section 403(b) for the fiscal year must also use this same column to report State TANF expenditures made to meet the Contingency Fund MOE requirement and matching expenditures made above the 100% MOE level. Expenditures made to meet the Contingency Fund MOE requirement and expenditures made above the MOE level (for matching purposes) must be expenditures made under the State TANF program only; they cannot include expenditures made under "separate State

programs.” In addition, child care expenditures cannot be included as Contingency Fund MOE expenditures or expenditures that are matched with Contingency Funds.

Column (C) refers to State expenditures that the State is making in separate State programs, outside the State TANF program, to meet its basic MOE requirement.

NOTE: For the basic MOE requirement, the cumulative total expenditures (i.e., the sum of Columns (B) and (C) on Line 7 reported at the end of the Federal fiscal year should add up to at least 80% of fiscal year 1994 historic State expenditures if the State did not meet the TANF work participation requirements, or at least 75% of fiscal year 1994 historic State expenditures if the State met the TANF work participation requirements. For States that received Contingency Funds, Line 7 (Column B) minus Line 5b (Column B) (assistance child care) minus Line 6b (Column B) (non-assistance child care) must exceed 100% of the Contingency Fund MOE requirement.

Column (D) is for reporting the Federal Contingency Fund grant awarded and how those funds were utilized.

NOTE: States receiving Contingency Funds must indicate if this report is being used for annual reconciliation of the Contingency Fund. Enter the Federal Medical Assistance Percentage Rate (FMAP) used by the State for the fiscal year for which Contingency Funds were received.

Column (E) American Recovery and Reinvestment Act Funds – is for reporting how Federal TANF funds awarded to the State under the American Reinvestment and Recovery Act of 2009 (ARRA) were expended under its TANF program.

Line Item Instructions

Enter Cumulative Fiscal Year Expenditures and Obligations

Line 1. Federal Funds Awarded. Automatically generated in OLDC, Column (A) represents the cumulative total of Federal TANF funds awarded (not including Contingency Funds) to the State (after any Tribal adjustments) from October 1 of the Federal fiscal year for which the report is being submitted through the current quarter being reported.

Enter in Column (D) the cumulative total of Contingency Funds awarded under section 403(b) to the State from October 1st of the Federal fiscal year for which the report is being submitted through the current quarter being reported.

Line 2. Transferred to Child Care and Development Fund (CCDF). Enter in Column (A) the cumulative total of Federal funds that the State transferred to the Discretionary Fund of the CCDF from October 1st of the Federal fiscal year for which the report is being submitted through the current quarter being reported. Section 404(d)(1) of the Social Security Act governs the transfer of TANF funds to the Discretionary Fund and prohibits a State from transferring more than 30% of its total annual TANF funds. All funds transferred to the Discretionary Fund of the CCDF program are subject to the rules and regulations of that Fund in place for the current fiscal year at the time when the transfer occurs. A State can only transfer current-year Federal TANF grant funds; it may not transfer prior year unobligated/reserved balances to the CCDF.

Line 3. Transfers to Social Services Block Grant (SSBG). Enter in Column (A) the cumulative total of Federal funds the State transferred to the SSBG from October 1st of the Federal fiscal year for which the report is being submitted through the current quarter being reported. Section 404(d)(2) of the Social Security Act governs the transfer of TANF funds to the SSBG program and prohibits a State from transferring more than 10% of its total annual TANF funds to the SSBG. (Also, the combined amount transferred to the SSBG and the CCDF Discretionary Fund may not exceed 30% of the annual TANF block grant. In other words, for all financial reports applicable to grant funds for one fiscal year, the sum of the total cumulative amount reported on Lines 2 and 3 cannot exceed 30% of the annual TANF block grant.) All funds transferred to the SSBG program are subject to the statute and regulations of the recipient SSBG program in place for the current fiscal year at the time when the transfer occurs. A State may only transfer current-year Federal TANF grant funds; it may not transfer prior year unobligated/reserved balances to the SSBG.

Also, the total amount transferred to SSBG and CCDF affects the amount available for Jobs Access activities that may be used as the non-Federal match under that program. See instructions for Line 6c1.

Line 4. Adjusted SFAG. Enter in Column (A) the cumulative total of funds available for TANF after subtracting the amounts transferred to the CCDF program (Line 2) and/or the SSBG program (Line 3) from October 1st of the Federal fiscal year for which the report is being submitted through the current quarter being reported.

Line 5. Expenditures on Assistance. Blocks are shaded and do not have to be filled out. Line 5b. Child Care. Enter in Columns (A), (B), (C), and (D) the cumulative total expenditures for child care that meet the definition of assistance from October 1st of the Federal fiscal year for which the report is being submitted through the current quarter being reported. Include child care expenditures for families that are not employed, but need child care to participate in other work activities such as job search, community service, education or training, or for respite purposes. Do not include child care provided as a non-recurrent, short-term benefit (for example, to recently employed families who need child care extended during a temporary period of unemployment in order to maintain continuity of care). Do not include expenditures on pre-K activities or other programs designed to provide early childhood development or educational services (e.g., following the Head Start model); such activities should be reported as "Other" and identified as such in a note to that category.

The State must also reference the State plan provision under which they were authorized.

NOTE: States may not report MOE expenditures in this category; all State MOE expenditures must be consistent with the purposes of TANF.

Line 6. Expenditures on Non-Assistance. Blocks are shaded and do not have to be filled out. This line exists as a mathematical sum of expenditures included in Lines 6a through 6l for each column.

Line 6a(1). Work Subsidies. Enter in Columns (A), (B), (C), and (D) the cumulative total expenditures for work subsidies from October 1st of the Federal fiscal year for which the report is being submitted through the current quarter being reported. Thus, include secondary education (including alternative programs); adult education, GED, and ESL classes; education directly related to employment; education provided as vocational educational training; and post-secondary education. Do not include costs of early childhood education or after-school or summer enrichment programs for children in elementary or junior high school.

Do not include amounts of funds transferred to the CCDF (Discretionary Fund - reported on the ACF-696) or the SSBG. Also, do not include expenditures on pre-K activities or other programs designed to provide early childhood development or educational services (e.g., following the Head Start model); such activities should be reported as “Other” and identified as such in a note to that category).

Line 6c. Transportation. Blocks are shaded and do not have to be filled out. This exists as a mathematical sum of Lines 6c(1) and 6c(2) for each column for transportation activities that do not meet the definition of assistance from October 1st of the Federal fiscal year for which the report is being submitted through the current quarter being reported. Include the value of transportation benefits (such as allowances, bus tokens, car payments, auto insurance reimbursement, and van services) provided to employed families (related either to their work or related job retention and advancement activities) and provided as a non-recurrent, short-term benefit (e.g., during applicant job search or to a recently employed family during a temporary period of unemployment).

NOTE: The amount of TANF funds expended on Job Access programs that may be used as nonfederal matching under the Job Access program is limited to the difference between 30 percent of TANF funds (amount reported on Line 1, Column A) and the total amount transferred to SSBG and the Discretionary Fund of CCDF (sum of amounts reported on Line 2, Column A, and Line 3, Column A).

NOTE: Section 404(b)(1) of the Social Security Act limits States to which a grant is made (under section 403) to expend no more than 15% of the grant for administrative costs. In addition, section 404(b)(2) States that the 15% administrative cost cap shall not apply to the use of a grant for information technology and computerization needed for tracking or monitoring required by or under part IV-A of the Act. The systems exclusion applies to items that might normally be administrative costs, but are systems-related and needed for monitoring or tracking purposes under TANF. Under our final rules the same information technology exclusion applies to MOE expenditures. The TANF regulations at 45 CFR 263.2 and 263.11 provide guidance about what is excluded under this definition.

NOTE: As an addendum to the 4th quarter report, the State must describe any estimates used in deriving any expenditures reported in any category. A State may not report estimated expenditures if actual expenditures related to benefits provided to TANF-eligible recipients are reasonably available. Line 10. Unobligated Balance. Enter in Columns (A) and (D) the cumulative total Federal unobligated balances from October 1st of the Federal fiscal year for which the report is being submitted through the current quarter being reported. NOTE: Section 405(c)(1) of the Act states that ACF shall estimate the amount to be paid to each eligible State for each quarter, such estimate is to be based on a report filed by the State of the total sum to be expended by the State in the quarter under the State program funded under section 403.
