For how many consecutive months has [CHILD] lived with you?
Number of months____ RANGE 1 - 11

PROGRAMMER INFO:

"Time in Household" is length of time that CHILD has lived with CAREGIVER. It is the difference between the "number of months" and interview date.

If "Time in Household" >= 12 months (meaning 1 year) and number of months <= DOB (meaning since birth) then Group = 1

Else If "Time in Household" >= 12 months (meaning 1 year) and Number of months > DOB then Group = 2

Else if "Time in Household" < 12 months then group = 3

Other assumptions:

if group 3, meaning the child has been living there less than a year, and child has been living there since birth, then the fills "Since the child has lived with you" can be replaced by the word "birth". Example questions are P_HS45a, P_HS50aa, etc..

Now I'd like to hear your thoughts and feelings about ^CHILD, in your own words and without my interrupting with any questions or comments. When I ask you to begin I'd like you to speak for 5 minutes, telling me what kind of person ^CHILD is and how the two of you get along together. After you begin to speak, I prefer not to answer any questions until after the 5 minutes.

DO NOT SAY ANYTHING WHILE THE RESPONDENT IS SPEAKING, NOT EVEN "MM-HMM."

DO NOT USE LEADING PROMPTS, SUCH AS, "COULD YOU TELL ME A LITTLE BIT MORE ABOUT HOW YOU AND ^CHILD GET ALONG?" OR, "COULD YOU TELL ME MORE ABOUT WHAT TYPE OF PERSON ^CHILD IS?"

AVOID EYE CONTACT AS MUCH AS POSSIBLE.
