SECTION A. CALL SCRIPT

Hello, my name is <INSERT NAME> and I am calling from Westat regarding the School Meal Forms Study for the USDA. Is <STATE CN DIRECTOR> available?

Your office should have received notice of the study from the USDA in the last couple of weeks. This call is to follow-up on that communication. Do you recall receiving notice of the School Meal Forms Study from the USDA?

(IF HAS NOT RECEIVED NOTICE): I will make a request that the materials are resent to you.

(IF NEEDED, ADD:) As a reminder, the purpose of the School Meal Forms data collection is to understand the processes used to collect and report school meal data currently being collected via the FNS-10: Report of School Program Operations, FNS-742: School Food Authority Verification Collection Report, and FNS-834: State Agency (NSLP/SNAP) Direct Certification Rate Data Element Report. The final product will be a description of the data collection processes for these forms, and recommendations to improve the process and increase accuracy.

Do you have any questions about the study?

Now that your State has been selected to participate in this research study we will begin planning for a site visit where we will schedule interviews with key agency staff, 10 School Food Authorities (SFAs), and 3 School Food Managers within each SFA. Before we begin planning our visit we would like to schedule a short interview with you to get a high-level perspective of your State's school meal data collection processes. The discussion should take 45 minutes. There is nothing you will need to prepare in advance.

We are hoping to complete all calls by <DATE>. Can you share dates that work best for you for this call so that I can work to coordinate our schedules? IF THE RESPONDENT CAN'T PROVIDE DATES ON THE PHONE: If you aren't able to provide your availability right now, can you please email me dates and times that work for you. I can be reached at: <PROVIDE EMAIL ADDRESS AND PHONE NUMBER>.

Thank you.

We look forward to talking with you soon.
