TITLE OF INFORMATION COLLECTION:

Cancer Prevention Fellowship Program (CPFP) Fellows by Fellows Annual Survey

PURPOSE:

The purpose of the CPFP Fellows by Fellows Annual Survey is to collect information from new and returning Fellows regarding their satisfaction with previous training (if applicable), their interest in future training opportunities, and to help in identifying areas for future improvement in the 2018-19 Fellowship year. One survey is sent to First Year Fellows and asks about their interest in future training opportunities, the other survey is sent to Senior Fellows (in the CPFP program for at least one year on-site at NCI) and asks about their satisfaction with previous CPFP programming and interest in future training opportunities. All Fellows will receive only one survey and this submission will include the 2018/19 and 2019/2020 Fellowship years.

DESCRIPTION OF RESPONDENTS:

Respondents to the survey will be Cancer Prevention Fellows (CPFs). CPFs are postdoctoral fellows at the National Cancer Institute as part of the CPF program. The CPF program is a postdoctoral research fellowship program in cancer prevention and control housed within the Division of Cancer Prevention. Senior Fellows are CPFs in their 2nd through 4th year of the program, and First Year Fellows are in their 1st year of the program.
