

THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) Public reporting burden for this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Capacity Building
 CENTER FOR STATES

Brief Tailored Services Survey

Instructions for On-line Survey Development

For each Brief Tailored Service provided by the Center for States, a survey will be created in on-line survey software to gather feedback that can inform project planning. Given the changing nature and context of each Brief Tailored Service, it is important to be able to get feedback from recipients without creating undue burden by answering excessive questions that only marginally apply. To address this, the survey will be tailored to the unique information needs of each Brief Tailored Service to ensure low burden while informing high quality service provision. When creating each on-line survey, content specialists will use the required questions listed below and choose up to 25 context specific optional questions that can be added to the survey, as needed. This will allow for unique information needs to be met.

These items will be administered upon completion of the brief tailored service.

It is expected that each tailored survey will have no more than 45 questions, including 20 required questions and a maximum of 25 optional questions, with a burden of no more than 20 minutes.

Required Questions (22 required)

Please answer the following questions about your experiences with your tailored service.	Strongly Disagree	2	3	Neither	5	6	Strongly Agree	N/A
1. As a group, the representatives from the Center for States had the right level of subject-matter knowledge and expertise.	SD	2	3	N	5	6	SA	N/A
