Number of Respondents					
	Respondents That Submit Reports		Respondents That Do Not Submit Any Reports		
Year	(A) Number of Existing Respondents that would now report under Subpart OOOOa ^a	(B) Number of Existing Respondents	(C) Number of Existing Respondents that keep records but do not submit reports	(D) Number of Existing Respondents That Are Also New Respondents	(E) Number of Respondents (E= B+C-A-D)
Subpart KKK					
1	27	399	0	0	372
2	27	372	0	0	345
3	27	345	0	0	318
Average	27	372	0	0	345
Subpart LLL ^b					
1	3	20	3	0	20
2	3	17	3	0	17
3	3	14	3	0	14
Average	3	17	3	0	17
Total^c					362

Assumptions:

^a We expect 27 of the existing facilities subject to Subpart KKK to undergo modifications in each year, which would indicate these facilities would report under Subpart OOOOa and no longer report under Subpart KKK. For Subpart LLL, we expect three facilities to perform a modification and report under Subpart OOOOa.

^b Affected facilities with design capacities of less than two long tons per day (LT/D) of hydrogen sulfide (H₂S) in the acid gas, expressed as sulfur, have no reporting requirements pursuant to Subpart LLL. Three respondents have sources capacities below this threshold.

^c This is the total average of existing respondents subject to both Subparts KKK and LLL.
