

Instructions for FSA-2248

GUARANTEED FARM LOAN DEFAULT STATUS REPORT

This form is used by guaranteed loan lenders to report to FSA the status of borrowers in default. This form should be prepared bimonthly (every 60 days) for all borrowers in default. A separate report is required for each borrower in default. However, a single report can be prepared for a borrower that is in default on multiple loans if information pertaining to each individual loan in default is attached to this report. Identify the information in Items 6 through 11 and Items 13 through 15 for each attachment.

Submit the original of the completed form in hard copy or facsimile to the appropriate USDA servicing office.

Customers who have established electronic access credentials with FSA may electronically transmit this form to the USDA servicing office, provided that (1) the customer submitting the form is the only person required to sign the transaction, or (2) the customer has an approved Power of Attorney (Form FSA-211) on file with USDA to sign for other customers for the program and type of transaction represented by this form.

Features for transmitting the form electronically are available to those customers with access credentials only. If you would like to establish online access credentials with USDA, follow the instructions provided at the USDA eForms web site.

Lenders must complete Items 1 through 16.
