Q. I want to change the service start date.

Complete one row for each FRN for which you wish to change the Funding Year Service Start Date previously reported on an FCC Form 486 for this funding year. If you are simply trying to indicate that you have started services or to report a service start date different from the date indicated in the FCDL, please file an FCC Form 486 and NOT an FCC Form 500. Enter the FCC Form 471 Application Number. Enter the Original Date which is the Funding Year Service Start Date from your Form 486 Notification Letter from USAC and the New Date that services will begin. The new Service Start Date cannot be before July 1 of the relevant funding year. The change in Funding Year Service Start Date will NOT result in an increase in funding.

Q. I want to change the contract expiration date.

Complete for each FRN for which you wish to change the contract expiration date, based on early termination or an extension of the contract. (Note: The applicant and the service provider should have already extended the contract prior to filing the FCC Form 500). An extension date may be entered, if and only if, the amount of the funding commitment is NOT increased; the type of services received pursuant to the FRN remains the same; the extension is within the funding year or within an extension period authorized by the FCC; and such extension is acceptable under state and local procurement rules and regulations.

▼ More Info Section

Q. I want to request more time to get the services delivered and/or installed.

Complete this section if you wish to extend the deadline for service delivery and installation for non-recurring services or to complete Category One special construction and light the new fiber. For most non-recurring services, applicants have three additional months after the end of the funding year (until September 30) to install one-time services known as non-recurring services. For these services, USAC may extend the September 30 deadline if the applicant falls within at least one of four designated circumstances: (1) applicants whose FCGLs are issued by the Administrator on or after March 1 of the funding year for which discounts are authorized; (2) applicants who receive service provider change or service substitution authorizations from the Administrator on or after March 1 of the funding year for which discounts are authorized; (3) applicants whose service providers are unable to complete implementation for reasons beyond the service provider's control; or (4) applicants whose service providers are unwilling to complete installation because funding disbursements are delayed while the Administrator investigates their application for program compliance. USAC automatically extends the service delivery deadline for non-recurring services if the reason for the extension are either (1) or (2). However, applicants must affirmatively request an extension of the September 30 deadline for either (3) or (4). Applicants may only receive E-rate support for special construction charges if construction is complete, and the fiber is lit, by June 30 of the funding year. Applicants may request a one-year extension of the June 30 deadline to complete special construction and light the fiber if they demonstrate that construction was unavoidably delayed due to weather or other reasons. Applicants requesting this extension must submit their requests to USAC by or before the June 30 deadline. In all circumstances, granting an extension will not increase funding.

▼ More Info Section

Q. I want to notify USAC that I have moved equipment to another location.

Complete this section if you are transferring equipment from a closed entity to other eligible entities within three years of the date of purchase. Schools and libraries are prohibited from transferring eligible services and the equipment components of eligible services to other schools within three years of their purchase, even without receiving money or other consideration in return, with one exception. If the school or library that orders the eligible services or equipment permanently or temporarily closes, then that school or library can transfer any services and equipment components of those services to another school or library, and must notify USAC of the transfer. Both the transferor and recipient must maintain detailed records documenting the transfer and the reason for the transfer for a period of at least 10 years or whatever retention period is required by the rules in effect at the time of the transfer.

If respondents use the FCC Form 500 to change the service start date, they will be prompted to provide additional information in the below screens in EPC.

A warning screen provides respondents with additional information.

The screenshot shows the FCC Form 500 interface with a warning dialog box. The dialog box text reads: "You have indicated that you are cancelling your FRN(s) and are returning all of the committed funds to USAC. Once you take this step, you will not be able to get the funds back. Do you wish to proceed?" with "NO" and "YES" buttons.

The interface includes a top navigation bar with "News", "Tasks (19)", "Records", "Reports", and "Actions". A user profile icon for "Admin" is in the top right.

Below the navigation bar is a table of FRNs:

FRN	Application Number	Application Nickname	FRN Nickname	Category of Service	SPIN	SPIN Name

If respondents use the FCC Form 500 to reduce the amount of funding requested, they will be prompted to provide additional information in the below screens in EPC.

Hover text provides respondents with additional information.

The screenshot displays the 'Selected FRNs' section of the FCC Form 500 interface. It features a table of selected FRNs, a text area for providing an explanation for the partial reduction, and a section for uploading supporting documentation. A tooltip is shown over the 'Upload supporting documentation' button, stating: "You can uploading supporting documentation, such as a letter from your service provider, using this function."

Before submitting the FCC Form 500, respondents are required to certify certain information.

The screenshot shows the 'Certification' tab of the FCC Form 500 for the Denver Regional Library System. The form is titled 'FCC Form 500 - Funding Year 2016' and 'Denver Regional Library System (BEN: 192) - Test - Form #161002744'. It includes a 'Billed Entity Information' section with details like 'Denver Regional Library System', '00100 Knowledge Dr', 'Denver, CO 00100', and '010-010-0100 w@w.com'. The 'Certifications' section contains three checked checkboxes: certifying authority, understanding of shared services, and retention of records. Below this is a table with fields for Name (Kristi Proctor), Title (CIO), Employer (Denver Regional Library System), Date (Jul 2, 2019), Phone (321-321-1234), Email (z@z.com), and Address (00100 Knowledge Dr, Knowing Stuff, CO 00100). At the bottom, there are buttons for 'CANCEL', 'BACK', 'SEND FOR CERTIFICATION', and 'CERTIFY'.

If the respondent is not authorized to certify forms, they send it to an authorized user within their organization.

This screenshot is identical to the previous one, but it features a modal dialog box in the center. The dialog box contains the text: 'This function will send your form to the full rights users in the organization tied to this form. Do you wish to proceed?'. It has two buttons: 'NO' and 'YES'. The 'Certification' tab and the form content are visible in the background, slightly dimmed.

Respondents that certify the FCC Form 500 are prompted to affirm their certification.

The screenshot shows the FCC Form 500 certification interface. At the top, there is a navigation bar with 'News', 'Tasks (23)', 'Records', 'Reports', and 'Actions'. A user profile icon labeled 'Admin' is in the top right. Below the navigation bar, there is a 'SAVE DRAFT' button. The main heading is 'FCC Form 500 - Funding Year 2016' followed by 'Denver Regional Library System (BEN: 192)'. A modal dialog box is centered on the screen, containing the text: 'False statements on this form may result in civil liability and/or criminal prosecution. To electronically sign and certify this form, click "Yes" below. To affirm that you (1) understand the statements above and (2) represent the entity featured, and have the authority to make the certifications, on this form, click "Yes" below.' The dialog has 'NO' and 'YES' buttons. The background form is partially visible, showing 'Billed Entity Information' for 'Denver Regional Library System' and 'Certifications' with three checked items. At the bottom, there are 'CANCEL', 'BACK', 'SEND FOR CERTIFICATION', and 'CERTIFY' buttons.

After the FCC Form 500 has been certified, a notification screen confirms that the FCC Form 500 has been successfully created.

The screenshot shows a notification screen with a blue header bar containing 'News', 'Tasks (23)', 'Records', 'Reports', and 'Actions'. A user profile icon labeled 'Admin' is in the top right. The main content area displays the message: 'FCC Form 500 #1554 - Test has been successfully created'. Below this message is a link: 'Click here to view FCC Form 500 record dashboard'.
