Health Topic(s)

Select all the health topic(s) this component addresses:

- Population health / Cross-cutting health topics
- Nutrition / Obesity
- Physical activity
- Cancer
- Heart disease / Stroke
- Dementia / Alzheimer's
- Diabetes
- Oral health
- Epilepsy
- Mental health
- Violence prevention / Injury prevention
- Healthy pregnancy and post-partum
- Pregnancy prevention
- HIV
- Sexually transmitted diseases (STDs)
- Alcohol
- Opioids
- Marijuana
- Tobacco use / Vaping
- COVID-19
- Other

Other, specify:

(1) Core Research Project and Center Characteristics

Population	
<p>Does this component focus on any of the following racial or ethnic groups? Select all that apply.</p>	<ul style="list-style-type: none"><input type="checkbox"/> American Indian or Alaska native<input type="checkbox"/> African American or Black<input type="checkbox"/> Asian<input type="checkbox"/> Hispanic or Latinx<input type="checkbox"/> Native Hawaiian or Other Pacific Islander<input type="checkbox"/> White<input type="checkbox"/> Other<input type="checkbox"/> No specific racial or ethnic group focus

(6) Mentorship *

Data Access Group: ZTEST_PRC

Editing existing PRC-ID ZTEST_PRC

PRC-ID ZTEST_PRC

Mentorship

Formal or informal mentoring programs where the experiences and content for each learner may be different. Even if the program has a structure (e.g., fellowship program designed with objectives to build capacity of post-docs to conduct community engaged research), if the experiences (e.g., faculty worked with, projects participating on) of each fellow/intern/mentee are different, enter it in this section.

The number of mentees should be updated continuously over the cycle. Ensure that the data reflect the total number of unique mentees for the cycle.

Mentorship program provided

Tool Description

Tool name

* must provide value

Tool Name has a 255 character limit.

Primary intended use

- Research
 Practice

Which of these options best describes this tool's stage of development/dissemination?

- New tool developed
 Significant adaptation from existing tool
 New dissemination of existing tool

[reset](#)

Briefly describe this tool and its stage of development/dissemination.

[Expand](#)

What year was this tool originally developed?

What is the source of the existing tool?

- Your PRC Other source

[reset](#)

Is this part of a toolkit or suite of tools?

- Yes No

[reset](#)

Name of toolkit or suite of tools

Describe the toolkit or suite of tools:

[Expand](#)

Funding

Which component is associated with this tool?

- Core Research Project
 Center activities

Select all funding sources used:

- PRC Core / Center award
 Other funding

(7) Training

Health Topic(s)	
Does this tool address a specific health topic?	<input type="radio"/> Yes <input type="radio"/> No reset
Select all the health topic(s) this tool addresses:	<input type="checkbox"/> Population health / Cross-cutting health topics <input type="checkbox"/> Nutrition / Obesity <input type="checkbox"/> Physical activity <input type="checkbox"/> Cancer <input type="checkbox"/> Heart disease / Stroke <input type="checkbox"/> Dementia / Alzheimer's <input type="checkbox"/> Diabetes <input type="checkbox"/> Oral health <input type="checkbox"/> Epilepsy <input type="checkbox"/> Mental health <input type="checkbox"/> Violence prevention / Injury prevention <input type="checkbox"/> Health pregnancy and post-partum <input type="checkbox"/> Pregnancy prevention <input type="checkbox"/> HIV <input type="checkbox"/> Sexually transmitted diseases (STDs) <input type="checkbox"/> Alcohol <input type="checkbox"/> Opioids <input type="checkbox"/> Marijuana <input type="checkbox"/> Tobacco use / Vaping <input type="checkbox"/> COVID-19 <input type="checkbox"/> Other
Other, specify:	<input type="text"/>
Primary Intended Users	
Who are the primary intended users of this tool? Select all that apply. Enter a description when prompted.	<input type="checkbox"/> Decision makers <input type="checkbox"/> Members of the public <input type="checkbox"/> Program implementers <input type="checkbox"/> Researchers / academicians

Presentations

Peer-reviewed and non-peer-reviewed presentations made by your PRC.

Non-peer-reviewed presentations are those given to community or practice audiences for the purpose of sharing research findings and/or promoting the adoption of an intervention. If a "non-peer-reviewed presentation" has learning objectives, for ex. learning how to use a practice tool, then it is a training and should be entered in the Training section instead.

Presentation title

* must provide value

255 characters remaining
