

Preschool Development Grant Birth through Five Renewal Grant Performance Progress Report

About this Performance Progress Report

The purpose of the Performance Progress Report (PPR) is to help the Administration for Children and Families (ACF) in consultation with the Department of Education (ED) assess the progress of Preschool Development Grant Birth through Five (PDG B-5) Renewal Grantees. This PPR is tailored to the specific goals and objectives of the PDG B-5 Renewal Grants and will allow ACF to collect useful information from grantees in a uniform and systematic manner. This PPR will be collected annually and supplement the standard ACF required PPR.

Time Burden

This data collection is expected to require an average of 3 hours per response.

Instructions

The Performance Progress Report is collected on an annual basis and is to be submitted by 1/31.

For more information about program reporting requirements, refer to Funding Opportunity Announcement (FOA) HHS-2019-ACF-OCC-TP-1567.

Compliance

Responses will be kept private to the extent permitted by law.

THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13): Public reporting burden for this collection of information is estimated to average 3 hours per response, including time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Preschool Development Grant Birth through Five (PDG B-5) Renewal Grantees are engaged in a wide array of grant activities, have varied programs in their mixed delivery systems (MDS), and have differing data capacities and capabilities. In addition, each grantee is working toward achieving unique goals and objectives. There may be questions in this progress report that are not directly applicable to each grantee or that each grantee may not have the requisite information/data to currently answer. If you do not respond to a question, describe why it has been left blank and describe any planned activities that will enable completion of a response to the question in future performance progress reports.
