

Telephone script for clinician/foreign health authority referral follow-up.

Hello. My name is [SAY NAME] and I am calling from the Centers for Disease Control and Prevention in Atlanta, Georgia, USA. Through the CureTB program, an individual by the name of [SAY INDIVIDUAL'S NAME] was referred to you to continue and complete their treatment for tuberculosis. I am calling to find out how the individual is progressing. I have a few questions for you.

- 1) Is patient still on treatment? Yes or No
- 2) If yes, what medications?
- 3) What is anticipated data of treatment completion?
- 4) If not, what is the final outcome?

Standard international outcomes:

- Lost
- Abandoned
- Died
- Stopped for medical reasons
- Completed treatment

Thank you for your time. If you have any questions, please do not hesitate to contact me.

[PROVIDE EMAIL ADDRESS].

Good day.
