**TITLE OF INFORMATION COLLECTION:** Personal Responsibility Education Program (PREP) Local Evaluation Support: Post-Webinar Feedback Questions

**PURPOSE:** The Office of Planning, Research, and Evaluation (OPRE) within the Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services (HHS) is funding Abt Associates to provide local evaluation support to Personal Responsibility Education Program (PREP) grantees in an effort to enhance evaluation rigor and set the stage for the next generation of evidence building specifically for this grant program.

As part of their technical assistance efforts, Abt hosts a series of webinars and community of learning sessions in order to provide training to grantees and local evaluators, and facilitate cross-grantee discussions. This request is to collect feedback following webinars/community of learning sessions. The purpose of the post-webinar/community of learning session’s feedback questions is to understand the experiences of grantees and local evaluators at each webinar/community of learning session. The feedback will allow us to continuously improve the technical assistance we provide and ensure it meets the needs of grantees. We would like to ask attendees about their opinions on the usefulness of our webinars/community of learning sessions, feedback on content and delivery, and ideas for future trainings or helpful resources.

**DESCRIPTION OF RESPONDENTS:** Both PREP grantees and their local evaluators can choose to attend the webinars and community of learning sessions that we provide as part of our local evaluation support. Together, this is the group of respondents that we seek to collect feedback from after each webinar.
