THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13)

Public reporting burden for this collection of information is estimated to average 65.0 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, reviewing the collection of information, and completing the form.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Quality Progress Report (QPR)

For

Lead Agency _____

FFY 2022

The Quality Progress Report (QPR) collects information from states and territories (hereafter referred to as lead agencies) to describe investments to improve the quality of care available for children from birth to age 13. This report meets the requirements in the Child Care and Development Block Grant (CCDBG) Act of 2014 for lead agencies to submit an annual report that describes how quality funds were expended, including the activities funded and the measures used to evaluate progress in improving the quality of child care programs and services.

For purposes of simplicity and clarity, the specific provisions of applicable laws printed herein are sometimes paraphrases of, or excerpts and incomplete quotations from, the full text. The lead agency acknowledges its responsibility to adhere to the applicable laws regardless of these modifications.

The contents of this document do not have the force and effect of law and are not meant to bind the public in any way. This document is intended only to provide clarity to the public regarding existing requirements under the law or agency policies.

QUALITY PROGRESS REPORT

The Quality Progress Report (QPR) collects information from lead agencies to describe investments to improve the quality of care available for children from birth to age 13. This report meets the requirements in the Child Care and Development Block Grant (CCDBG) Act of 2014 for lead agencies to submit an annual report that describes how quality funds were expended, including the activities funded and the measures used to evaluate progress in improving the quality of child care programs and services. Lead agencies are also required to report on their Child Care and Development Fund (CCDF) quality improvement investments through the CCDF Plan, which collects information on the proposed quality activities for a three-year period; and through the ACF-696, which collects quarterly expenditure data on quality activities.

The annual data provided by the QPR will be used to describe how lead agencies are spending a significant investment per year to key stakeholders, including Congress, federal, state and territory administrators, providers, parents, and the public.

Specifically, this report will be used to:

- Ensure accountability and transparency for the use of CCDF quality funds, including a set-aside for quality infant and toddler care and activities funded by American Rescue Plan (ARP) Act
- Track progress toward meeting state- and territory-set indicators and benchmarks for improvement of child care quality based on goals and activities described in CCDF Plans; and
- Understand efforts in progress towards all child care settings meeting the developmental needs of children
- Inform federal technical assistance efforts and decisions regarding strategic use of quality funds.

What Period Must Be Included: All sections of this report cover the federal fiscal year activities (October 1, 2021 through September 30, 2022), unless otherwise stated. Data should reflect the cumulative totals for the fiscal year being reported, unless otherwise stated.

What Data Should Lead Agencies Use: Lead agencies may use data collected by other government and nongovernment agencies (e.g., CCR&R agencies or other TA providers) in addition to their own data as appropriate. We recognize that lead agencies may not have all of the data requested initially but expect progress towards increased data capacity. The scope of this report covers quality improvement activities funded at least in part by CCDF in support of CCDF activities. Lead agencies must describe their progress in meeting their stated goals for improving the quality of child care as reported in their FFY 2022-2024 CCDF Plan.

How is the QPR Organized?

The first section of the QPR gathers basic data on the population of providers in the state or territory and goals for quality improvement and glossary of relevant terms. The rest of the report is organized according to the ten authorized uses of quality funds specified in the CCDBG Act of 2014:

- 1) Support the training and professional development of the child care workforce
- 2) Improve the development or implementation of early learning and development guidelines
- 3) Develop, implement, or enhance a quality rating improvement system for child care providers
- 4) Improve the supply and quality of child care for infants and toddlers
- 5) Establish or expand a lead agency wide system of child care resource and referral services
- 6) Support compliance with lead agency requirements for licensing, inspection, monitoring, training, and health and safety
- 7) Evaluate the quality of child care programs in the state or territory, including how programs positively impact children
- 8) Support providers in the voluntary pursuit of accreditation
- 9) Support the development or adoption of high-quality program standards related to health, mental health, nutrition, physical activity, and physical development
- 10) Other activities to improve the quality of child care services supported by outcome measures that improve provider preparedness, child safety, child well-being, or kindergarten-entry.

The Office of Child Care (OCC) recognizes that quality funds may have been used to address the coronavirus 2019 (COVID-19) pandemic. These activities should be reflected in the relevant sections of the QPR.

Reporting Activities Related to ARP Act Child Care Stabilization Grants

The ARP Act included approximately \$24 billion for child care stabilization grants, representing an important opportunity to stabilize the child care sector and do so in a way that builds back a stronger child care system that supports the developmental and learning needs of children, meets parents' needs and preferences with equal access to high-quality child care, and supports a professionalized workforce that is fairly and appropriately compensated for the essential skilled work that they do. Lead agencies must spend stabilization funds as subgrants to qualified child care providers to support the stability of the child care sector during and after the COVID-19 public health emergency. Please refer to the information memorandum [ARP Act Child Care Stabilization Grants](#) (CCDF-ACF-IM-2021-02) for further guidance on the child care stabilization grants made available through the ARP Act.

While the OCC has established a new data collection form, the ACF-901 – American Rescue Plan (ARP) Stabilization Grants Provider-Level Data, as the primary data collection mechanism for reporting related to ARP stabilization grants, Section 13 of the QPR asks about activities related to stabilization grants made possible through ARP funding. The OCC will inform lead agencies if the data reported through the ACF-901 is complete enough to warrant skipping Section 13 of the QPR. The following information is requested in Section 13:

- If the lead agency ran more than one grant program;
- How stabilization grants were used to support workforce compensation; and
- Methods to eliminate fraud, waste, and abuse when providing stabilization grants

Section 13 should be used to report on ARP Stabilization Grants ONLY. Other child care sustainability or stabilization grant programs established or ongoing using other funding mechanisms (i.e., CCDF or other supplemental funding e.g., CARES, CRRSA, ARP Supplemental Discretionary Funds) should be reported in Section 11.

When is the QPR Due to ACF?

The QPR will be due to the Administration for Children and Families (ACF) by the designated lead agency no later than December 31, 2022.

Glossary of Terms

The following terms are used throughout the QPR. These definitions can also be found in section 98.2 in the CCDBG Act of 2014. For any term not defined, please use the lead agency definition of terms to complete the QPR.

Center-based child care provider means a provider licensed or otherwise authorized to provide child care services for fewer than 24 hours per day per child in a non-residential setting, unless in care in excess of 24 hours is due to the nature of the parent(s)' work. Associated terms include "child care centers" and "center-based programs."

Director means a person who has primary responsibility for the daily operations and management for a child care provider, which may include a family child care provider, and which may serve children from birth to kindergarten entry and children in school-age child care.

Family child care provider means one or more individuals who provide child care services for fewer than 24 hours per day per child in a private residence other than the child's residence, unless care in excess of 24 hours is due to the nature of the parent(s)' work. Associated terms include "family child care homes."

In-home child care provider means an individual who provides child care services in the child's own home.

License-exempt means facilities that are not required to meet the definition of a facility required to meet the CCDF section 98.2 definition of “licensing or regulatory requirements.” Associated terms include “legally exempt” and “legally operating without regulation.”

Licensed means a facility required by the state to meet the CCDF section 98.2 definition of “licensing or regulatory requirements,” which explains that the facility meets “requirements necessary for a provider to legally provide child care services in a state of locality, including registration requirements established under state, local or tribal law.”

Programs refer generically to all activities under the CCDF, including child care services and other activities pursuant to §98.50 as well as quality activities pursuant to §98.43.

Provider means the entity providing child care services.

Staffed family child care network means a group of associated family child care providers who pool funds to share some operating costs and to pay for at least one staff person who helps the providers to manage their businesses and enhance quality.

Teacher means a lead teacher, teacher, teacher assistant or teacher aide who is employed by a child care provider for compensation on a regular basis, or a family child care provider, and whose responsibilities and activities are to organize, guide and implement activities in a group or individual basis, or to assist a teacher or lead teacher in such activities, to further the cognitive, social, emotional, and physical development of children from birth to kindergarten entry and children in school-age child care.

11.9 Progress Update: Using the measures identified in section 7.10.1 of the CCDF Plan, report on the progress made during October 1, 2021 to September 30, 2022 on activities related to other activities to improve the quality of child care services supported by outcome measures that improve provider preparedness, child safety, child well-being, or kindergarten-entry. In addition, describe outcomes achieved, including examples and numeric targets where possible. If progress was not made, describe barriers toward achieving measurable outcomes. _____

12) Lead agencies must submit an annual report, as required at 45 CFR § 98.53(f) (4), describing any changes to lead agency regulations, enforcement mechanisms, or other lead agency policies addressing health and safety based on an annual review and assessment of serious child injuries and any deaths occurring in child care programs receiving CCDF, and in other regulated and

unregulated child care centers and family child care homes, to the extent possible.

12.1 Describe the annual review and assessment of serious injuries and any deaths occurring in child care programs receiving CCDF, and in other regulated and unregulated child care centers and family child care homes, to the extent possible. [REDACTED]

12.2 Describe any changes to lead agency regulations, enforcement mechanisms, or other lead agency policies addressing health and safety based on the annual review and assessment. [REDACTED]

13) American Rescue Plan (ARP) Act Child Care Stabilization Grants

Goal: To ensure the lead agency implements an equitable stabilization grant program. The American Rescue Plan (ARP) Act included approximately \$24 billion for child care stabilization grants, representing an important opportunity to stabilize the child care sector and do so in a way that builds back a stronger child care system that supports the developmental and learning needs of children, meets parents' needs and preferences with equal access to high-quality child care, and supports a professionalized workforce that is fairly and appropriately compensated for the essential skilled work that they do. Lead agencies must spend most stabilization funds as subgrants to qualified child care providers to support the stability of the child care sector during and after the COVID-19 public health emergency. Section 13 should be used to report on ARP Stabilization Grants ONLY.
