As part of the planning for Summer Nutrition Programs for 2024, FNS has partnered with Team Crosby, a communications firm, to lead the efforts for a public awareness campaign to boost families' awareness and participation.

We invite you to take an online survey to review campaign concepts and provide your feedback. Campaign concepts are not fully developed ads, but we appreciate your input on the ideas and themes in order to refine them for the public awareness campaign. Here are some details:

- The survey is approximately 10 minutes.
- There is no need to prepare, and your participation is entirely voluntary.
- Your name will not be connected to individual responses. Your personal information will be kept confidential.
- Team Crosby will prepare a summary based on all the feedback we receive to help refine the communication. The summary is for internal use only.
