

SEEDS Survey to Collect Grant Recipient Feedback

The purpose of this optional survey is to gather feedback from you about your experience with the FSSDD grant and SEEDS support. We will use this information to inform our final report to the Office of Planning, Research, and Evaluation within the Administration for Children and Families (ACF). This report will be internal to ACF and will not be publicly posted. We will keep your responses private and we will blend your responses with responses of other grant recipients, so no single finding or statement will be attributed to an individual person or grant recipient. Your responses will not affect your organization's ability to receive funding from ACF, now or in the future. Your responses will not be shared directly with your coach. We estimate it will take about 10 minutes to complete the survey.

PAPERWORK REDUCTION ACT OF 1995 (Public Law 104-13) STATEMENT OF PUBLIC BURDEN:

The purpose of this information collection is to provide evaluation support to innovative interventions serving individuals, children, and families facing challenges to economic independence to expand the evidence base. Public reporting burden for this collection of information is estimated to average 10 minutes per respondent, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. This is a voluntary collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. The OMB # is 0970-0356 and the expiration date is 02/29/2024. If you have any comments on this collection of information, please contact Julia Lyskawa at JLyskawa@mathematica-mpr.com.
