Important Information

You are currently possibly eligible to perform work for more than one Employment Network or State VR agency. Please select the entity for whom you wish to do work for this session. If you need to do work for more than one entity, you must select one entity, perform work for that entity, logout, and then log back in to work for another entity. If you expected to see an entity named here but that entity is not offered, it is because you are not at this time eligible to perform work for that entity, or anyone working for that entity can no longer access this application.

2014-07-15	The first Social Security office opened in Austin, Texas, on October 14, 1936.[7] Social Security taxes were first collected in January 1937, along with the first one-time, lump-sum payments.[6] The first person to receive monthly retirement benefits was Ida May Fuller of Brattleboro, Vermont. Her first check, dated January 31, 1940 was in the amount of US\$22.54.[8]
2014-07-15	Benefit payments vary, in part, based on when a person claims RIB, so not every person will desire to begin collecting their benefits at the same time. As a result, an application must be filed with the Social Security Administration before one can collect RIB. There are several ways to apply for the benefits
2014-07-09	The Social Security Act created a Social Security Board (SSB),[5] to oversee the administration of the new program. It was created as part of President Franklin D. Roosevelt's New Deal with the signing of the Social Security Act of 1935 on August 14, 1935.[6] The Board consisted of three presidentially appointed executives, and started with no budget, no staff, and no furniture. It obtained a temporary budget from the Federal Emergency Relief Administration headed by Harry Hopkins
2014-07-18	The United States uses English common law; because of this a person obtains their age on the day before their birthday
