

OMB No. xxxx-xxxx Expiration xxxx

Introduction:

Hello, my name is _____ and I am calling on behalf of the United States Department of Energy (DOE). We are conducting a national survey about energy and related industries. May I please speak to the person most knowledgeable about staffing at [organization]?

Is now a convenient time? [IF NO – Collect callback information and time]

This survey uses specific terms to describe various technologies and activities. If you require any definitions for clarification, please ask me at any time.

The survey is **voluntary** and can take up to 45 minutes of your time. (If needed): This important survey addresses businesses that research, develop, manufacture, construction, install or work with facilities or products that generate, distribute, store, or save energy.

(If needed): This important survey addresses businesses that research, develop, manufacture, install or work with products that generate, distribute, store, use (in the case of motor vehicles), or save energy.

(If needed) This includes firms that support the construction of manufacturing and warehousing facilities used to assemble and distribute energy products, as well as the build out of electric charging stations for electric vehicles and ports that are preparing or supporting offshore wind development or operations, or other energy related work.

(If needed): This includes organizations involved in fossil and renewable energy production, energy efficiency products and services, solar, wind, fossil and other energy sources, other energy related products and services, and motor vehicles.

(If needed): Your individual responses will not be published; only aggregated information will be used in reporting the survey results.

(If needed): Your participation will help determine how investments of time and money should be made to support the industry and prepare the present and future workforce.

(If needed): If you have any questions about DOE's involvement in this survey, please contact [Betony Jones] at [240-255-8519]

Privacy Act Statement

The information you provide to the Department of Energy (DOE) during this study will be used to allow energy-related employment to be assigned by primary value chain activity, including: research and development; manufacturing; sales and distribution; installation, repair and maintenance; and professional services. It will also provide insight on wages, workforce demographics, and employers' ability to recruit qualified workers.

The data you supply will be used by industry, training organizations, community colleges, job seekers, federal agencies, and other stakeholders, to better inform the workforce development system by highlighting changes in the industry that are driving demand for workers. The data will also inform energy economic development planning activities at the local, state, and regional levels by providing a more detailed assessment of energy jobs, as well as the changing energy landscape and how such changes influence labor markets.

With your consent, the DOE will collect your response as you participate in the study. This includes responses to all survey questions for which your firm qualifies. Your feedback will be kept private and will not be linked to you. Only de-identified and aggregated information will be included in any final or published reports. None of your identifying information will be included in the reports. The DOE does not anticipate further disclosure of your personal information except as required by law.

This collection of information is authorized by xxxx. Participation is voluntary, and you may withdraw participation at any time.

Paperwork Reduction Act Burden Disclosure Statement

Public reporting burden for this collection of information is estimated to up to 48 minutes, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
