SC6: TALKING TO RESPONDENT:

I am calling to invite you to participate in a research study that is part of the Community Choice Demonstration called the Home Assessment. You may recall a letter and flyer sent to your home or an email sent to you about it. Abt Associates is working with U.S. Department of Housing and Urban Development (HUD) on the Home Assessment. HUD is funding the Home Assessment to understand if neighborhoods in which families live affect the indoor air quality of their homes and exposure to allergens, and if so, how that impacts the health and well-being of families.

Do you have any questions from reading the flyer, letter, or email?

[INTERVIEWER ANSWERS QUESTIONS]

We can schedule a time for an interviewer to come to your home and tell you more about the Home Assessment. After we explain the study and go through the informed consent process, you can choose to participate or not. If you choose to participate, you will be enrolled in the Home Assessment study. The whole assessment should take about an hour of your time. As a token of appreciation for completing the study, the interviewer will give you a \$45 gift card.

The interviewer will measure pest allergens and indoor air quality in the home, that affects conditions such as asthma and other breathing conditions. Then there will be a brief survey.

Your participation in this study is completely voluntary and does not affect your participation in the Community Choice Demonstration.
