

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number:)

TITLE OF INFORMATION COLLECTION: Child Care and Development Fund Lead Agency Data and Research Capacity Meeting Evaluation

PURPOSE AND USE: The purpose of this voluntary information collection is to solicit feedback from participants in kickoff and/or annual meetings run by the Center to Support Research and Evaluation Capacity of Child Care and Development Fund (CCDF) Lead Agencies (CSRE). The participants are grant team members who received cooperative agreements from the Office of Planning, Research, and Evaluation (OPRE) in the Administration for Children and Families (ACF) and are participating in the CCDF Lead Agency Data and Research Capacity (DRC) Community of Practice (CoP) aiming to support cross-project support and collaboration.

Participant feedback will be collected during or following annual meetings through a link to an online survey, with the option of using a paper form when the meeting is held in-person. The first meeting will be a kickoff meeting held December 10, 2024; we anticipate administering the same form after a second meeting, held before March 31, 2026. This feedback will help the government understand the partnership teams’ experiences and preferences and will be used to improve future meetings and other supports for these grant recipients.

DESCRIPTION OF RESPONDENTS: Respondents will be representatives from the states and research organizations with OPRE-funded cooperative agreements who attend monthly meetings as part of a CoP run by the CSRE.

The selection of your targeted respondents

1. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?

Yes No

If the answer is yes, please provide a description of both below (or attach the sampling plan). If the answer is no, please provide a description of how you plan to identify your potential group of respondents and how you will select them.

The universe of potential respondents is the list of state and research organization project team members who are part of the Community of Practice and attend the two annual meetings. We will survey the full universe so we do not have a sampling plan.
