

## Overview

Please provide acquisition data for each separately payable NDC. Data may be acquired from internal systems or requested from the manufacturer. Data must be delineated by acquisitions under non-340B and 340B purchases.

Reported costs should reflect discounts and rebates received. If NDCs, and are not able to reasonably be incorporated, such as off-invoice discounts, are not reported, such costs should be reported in the "Other" column.

## **Requested Information**

For each NDC acquired by your hospital, enter the following information:

- Column D. Total Units Purchased - Non-340B
- Column E. Total Net Acquisition Cost - Non-340B
- Column F. Total Units Purchased - 340B
- Column G. Total Net Acquisition Cost - 340B

**Do not** change column names in Row 1 or any values in Column D through G.

## **Column Guidelines**

### **Column Letter**

Column D

### **Column Name**

Total Units Purchased - Non-340B

Column E

Total Net Acquisition Cost - Non-340B

Column F

Total Units Purchased - 340B

Column G

Total Net Acquisition Cost - 340B

le drug acquired by your hospital for outpatient use between July 1, 2024, through June 30, 2025, from your supplier. You do NOT need to provide data for NDCs which your hospital did not purchase and 340B Programs. For each row (NDC), you may enter data for non-340B purchases only, 340B purchases only, or both.

Discounts or rebates received by the hospital for individual NDCs. These NDC-level discounts or rebates are typically already included in the net acquisition cost. Discounts or rebates, which are typically collected as purchase volume rebates, will be collected separately and should NOT be reported using this field.

Reporting as applicable:

Columns A, B, and C.

**Definition**

"Total Units Purchased - Non-340B" refers to the number of packages when reporting units of the 11-digit NDC acquired by the hospital for outpatient use during the period July 1, 2024, through June 30, 2025. The total units purchased for this field should NOT include drugs that were purchased under the 340B Program.

"Total Net Acquisition Cost - Non-340B" refers to the total amount paid by the hospital to acquire all units of specified non-340B drugs during the period July 1, 2024, through June 30, 2025. Account only for discounts, rebates, and financial concessions that were applied at the NDC-level. Hospitals should report the aggregated net cost across all purchased non-340B units, not the per-unit cost.

**Format**

Numeric, up to two decimals
