

NON-SUBSTANTIVE CHANGE REQUEST JUSTIFICATION
OMB Control No. 3060-1156

The Commission's Office of International Affairs (OIA) is requesting Office of Management and Budget (OMB) approval for *de minimis*, non-substantive changes to the information collection in OMB Control No. 3060-1156. *First*, on August 7, 2025, the Commission adopted a Report and Order and Further Notice of Proposed Rulemaking.¹ In the Report and Order, the Commission removed and replaced 47 CFR § 43.82(a)(1) to reflect that the cable operator report is no longer required.² *Second*, on August 28, 2025, the Commission requested approval from OMB for this *de minimis*, non-substantive change to the information collection in OMB Control No. 3060-1156.³ *Third*, on August 28, 2025, OMB approved the non-substantive change approval request.⁴

Accordingly, we have modified the online, web-based electronic filing system to no longer require the cable operator report. This modification to the filing system should be considered as a non-substantive change, as it is consistent with OMB's approval of the change to the information collection and does not increase burdens on filing entities. We include screenshots of the filing system in a PDF document as it will appear for public use.
