

**Addendum to the Supporting Statement  
Part A for Interventional Cooperative Agreement Program (ICAP)  
Vocational Resource Facilitation Demonstration (VRFD)  
OMB No. 0960-0829**

**Revisions to the Collection Instrument**

SSA is making the following revisions:

- **Change #1:** We removed the burden information for the Informed Consent Form and Baseline Survey.
- **Justification #1:** We removed the Information Collection because this phase of the demonstration project has been completed, and the project has transitioned to the next phase, which includes follow-up surveys, staff interviews, and onsite audits.
- **Change #2:** We have removed the average wait time for teleservice centers.
- **Justification #2:** At this point of the project, the facilitator schedules appointments for respondents; therefore, respondents do not experience any wait time.
- **Change #3:** We revised the PRA Statement on Appendix VRFD Advance (B.1), VRFD Reminder Letter (B.2), VRFD Follow-up Survey (B.6), and Informed Consent (B.7).
- **Justification #3:** We revised the PRA statement to reflect our current boilerplate language.
