

2025 Fruit Chemical Use Survey

- A representative from USDA will call you to help complete the survey in person between Oct. 1, 2025 and Feb. 6, 2026.
- Our interviewer will ask you detailed questions about the types of pesticides you use on your fruit crops.

United States Department of Agriculture
National Agricultural Statistics Service

YOUR PARTICIPATION IN THIS SURVEY IS IMPORTANT!

To make the interview quicker, please have your application records available.

Thank you for your participation! By responding, you represent and give voice to thousands of farmers like you across the nation.
