Stakeholder Engagement

Agency Reach out:

Good afternoon,

My name is _____, an Environmental Protection Specialist of the Office of Chemical Safety and Pollution Prevention at the Environmental Protection Agency (EPA). I am writing to you today to request your assistance on an Information Collection Request (ICR). For the past few months, EPA has been updating the Consolidated Pesticide Registration Submission Portal (PSP) Information Collection Request (ICR). As part of our consultation process, we are requesting comments from industry on this ICR renewal proposal.

Our records indicate that in the past you may have participated as a representative of your company in responding to EPA's questions on this ICR. The survey should only take about 15 minutes and your response is voluntary. Should you choose to respond, we ask that you do not submit any sensitive, confidential business information or business phone numbers as part of your response. For your convenience, an ICR supporting statement, and an ICR questionnaire is attached.

You may complete the ICR questionnaire and submit the completed questionnaire to the EPA Docket **EPA-HQ-OPP-2020-0273** at Regulations.gov or to me directly, by **January 9, 2026**.

We greatly appreciate your time and participation.
