

State PREP and Competitive PREP Grantee Evaluation Activities Survey

Introduction

Thank you for taking the **State PREP and Competitive PREP Grantee Evaluation Activities Survey!**

What is the purpose of the survey? Your Local Evaluation Support providers would like to learn about your State (SPREP) or Competitive PREP (CPREP) project's current evaluation plans and any local evaluation support needs your project might have now or in the future. Your answers will help us provide the most helpful resources and support. *The survey should take about 10 minutes to complete.*

What kinds of questions does it ask? This survey includes questions about your SPREP/CPREP project, contact information, plans or activities related to data collection and dissemination, and evaluation-related topics where you'd like to know more or need support. *This survey is about your current SPREP or CPREP grant only.*

Who should fill out the survey? All SPREP and CPREP grantees—whether you're planning evaluation activities or not. If your PREP project has a local evaluator or someone else who works with program data, you may wish for them to complete the survey on your project's behalf. Your grant's survey link is unique, so you can share it between staff members, save your answers, and submit it when you are done filling it out.

Please complete the survey by **DATE**.

Background

The PREP Local Evaluation Support and Dissemination (PLESD) project is funded by the Family and Youth Services Bureau and overseen by the Office of Planning, Research, and Evaluation, both within the Administration for Children and Families (ACF). As part of this project, Abt Global (formerly Abt Associates) and Child Trends are working to provide local evaluation support (often referred to as evaluation “technical assistance” or TA) to Personal Responsibility Education Program (PREP) grantees. Specifically, we are conducting this survey to better understand any local evaluations State and Competitive PREP grantees have planned or are considering and their needs for support or technical assistance.

The purpose of this information collection is to understand the local evaluation plans of State and Competitive PREP grantees, and their support needs. Public reporting burden for this collection of information is estimated to average 10 minutes per respondent, including the time for reviewing instructions, gathering, and maintaining the data needed, and reviewing the collection of information. This is a voluntary collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. The OMB # is 0970-0531 and the expiration date is 9/30/2025. If you have any comments on this collection of information, please contact Selma Caal (Selma.Caal@acf.hhs.gov).

Local evaluations are separate from performance measurement and are conducted by an independent evaluator or “local evaluator.” Local evaluations may focus on how a program is being implemented in practice or may focus on program outcomes. For more information about the differences between performance measurement and local evaluation, see [this resource](#) from the PLESD team.

Who should complete the survey and why? We encourage each SPREP and CPREP grantee to complete the survey to help ensure their needs are reflected in upcoming local evaluation-related resources and support. While State and Competitive PREP grantees are not required to conduct a local evaluation of their program, some grantees may opt to do so. Even if you are not planning to conduct a local evaluation right now, we ask that you still complete the survey. While the survey responses should reflect the grantee’s current plans or expectations, these responses are *non-binding*; they are simply a means of understanding grantees’ plans, goals, and needs for data collection and other local evaluation activities. This survey is voluntary.

What kinds of questions does this survey ask? This survey covers the following topics:

- Grantee organization and staff information
- Program models, priority populations, etc.
- Types of data you are collecting or plan to collect
- Plans for using data
- Partnerships for conducting evaluation-related activities
- Plans for engaging an IRB
- Dissemination plans
- Local evaluation support interests

You may need input from other project staff, including a local evaluator, to answer all the questions in this survey.

Who sees the information you provide? This survey collects information that will be seen by two different groups:

1. Information about your project (e.g., priority/target population, program setting, curricula/program models used) and contact information of key project personnel (name, role on the project, and professional email address) will be placed on the PLESD internal website in a grantee profile so you and other grantees can connect for networking purposes. This information will be accessible to the PLESD project team, OPRE, the Family and Youth Services Bureau (FYSB), and other PREP grantees.
2. We will also ask you about your local evaluation plans including data collection activities and interest in local evaluation support. Your responses to these questions will **not** be shared with other PREP grantees. Individual program responses will not be shared with OPRE or FYSB. Instead, the study team will combine responses from all State and Competitive PREP programs to help assess overall evaluation activities and determine the types of group-based local evaluation supports that would likely benefit most grantees.

Grantee information

1. **Are you completing this survey on behalf of a State PREP or Competitive PREP grant? (select one)**
 - a. State PREP (SPREP)
 - b. Competitive PREP (CPREP)

2. *[If selected 'b' for question 1 (CPREP)]* **Are you a *continuing* Competitive PREP grantee? In other words, did you receive Competitive PREP funding in the last funding cycle (from 9/30/2021-9/29/2024)?**
 - a. Yes
 - b. No
 - c. Not sure

3. *[If selected 'a' for question 1 (SPREP) or 'a' for question 2 (a continuing CPREP grantee)]* **Are you continuing any program delivery or other implementation activities from the previous grant cycle?**
 - a. No, starting all new implementation activities.
 - b. Yes, continuing some implementation activities from the previous grant cycle, but some are new for this cycle.
 - c. Yes, all implementation activities planned for this PREP grant cycle are ones that were delivered in the previous grant cycle.

4. *[If selected 'a' for question 1 (SPREP) or 'a' for question 2 (a continuing CPREP grantee)]* **Are you continuing any evaluation-related activities from the previous grant cycle (aside from collecting and reporting the required performance measures)?**
 - a. No, starting all new evaluation-related activities.
 - b. Yes, continuing some evaluation-related activities from the previous grant cycle, but some are new for this cycle.
 - c. Yes, all evaluation-related activities planned for this PREP grant cycle are ones that were conducted in the previous grant cycle.

5. **What is your name, email address, and role on your PREP grant? (the primary person completing this survey)**

First name: _____

Last name: _____

Email address: _____

Organization: _____

Role: _____

6. **What is the name of the grantee organization or entity that received funds from FYSB/ACF for this PREP grant?**

Local Evaluation Support

The PREP Local Evaluation Support and Dissemination (PLESD) Team can provide CPREP and SPREP grantees with local evaluation support (often referred to as evaluation technical assistance or TA) through office hours, webinars, written resources, and through discussions via requests made through the PREP LES website (<https://www.preplesd.com>) or by email at PREPLES@abtassoc.com.

24. Please select the topics for which you would most like to receive local evaluation support for this PREP grant. (Select all that apply.)

- a. Evaluation planning and design
- b. Involving youth in the evaluation process
- c. Working with an IRB
- d. Participant recruitment, tracking, and consent
- e. Quantitative data collection
- f. Quantitative data analysis
- g. Qualitative data collection
- h. Qualitative data analysis
- i. Reporting and dissemination
- j. Other

Please specify: _____

- k. None

25. How helpful are each of the following approaches for receiving local evaluation support? (Not helpful, Somewhat helpful, Very helpful, Unsure)

- a. Unfacilitated conversations with other grantees
- b. Facilitated conversations with other grantees
- c. Office hours
- d. One-page guidance documents
- e. Multi-page guidance documents
- f. Webinar trainings
- g. One-on-one support as needed
- h. Other
